Guide A. Instructions for Federal Income Tax Withholding Preference Certificate

Federal income tax laws require that you complete this form to make your election on Federal income tax withholding from your benefit. The pension payments you receive could be subject to Federal income tax withholding unless you elect not to have withholding apply. Withholding will only apply to the portion of your pension payment that is already included in your income, subject to federal income tax and will be like wage withholding. Thus, there will be no withholding on previously taxed contributions.

Election

- Check box *A* if you do not want Federal income tax withheld.
- Check box *B* if you want Federal income tax withheld. If you check box *B*, you must also indicate *Marital Status*.

Marital Status

- Check *Single or Married Filing Separately* if you are not married, or you are a widow/widower that does not meet the qualification to file as a surviving spouse.
- Check *Head of Household* only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependents.
- Check *Married Filing Jointly or Qualifying Widow(er)* if you are: (1) married, or (2) your spouse died in either of the two preceding tax years and you meet the following requirements: (a) Your home is maintained as the main household of a child or stepchild for whom you can claim an exemption; and you can claim an exemption; and (b) You were entitled to file a joint return with your spouse in the year of your spouse's death.

Optional Withholding Elections

Steps 2-4 are not required and should only contain non-zero amounts if they apply to you.

Income from a Job or Multiple Pensions

If you (and/or your spouse when filing jointly) have income from other job(s) or other pension(s), enter those amounts in 2.b.(i) or 2.b.(ii) respectively. Only enter a non-zero amount in 2.b.(ii) if your NC Retirement Benefit is larger than your other pension. Add both values together and enter the total into 2.b.(iii). If no amounts are applicable, enter \$0.

Claiming Dependents and Other Credits

Enter the total amount of annual tax credits for qualifying children, dependents and other credits. If no credits apply, enter \$0.

Other Income

Enter other income you receive each year from sources other than jobs and/or pensions. This income could be from capital gains, dividends, gifts, or other sources of income.

Deductions

Use the IRS form W-4P to calculate deductions applicable to your withholding elections. If no deductions apply, enter \$0.

Additional Withholding

Enter the amount of additional withholding to be taken from each pay period. If the amount of tax calculated combined with Additional Withholding exceeds benefit, no Additional Withholding will be taken.

Failure to File

If certificate is not filed, withholding will be based on Single Tax tables with no elections. See information on potential penalty.

CAUTION: There are penalties for not paying enough federal income tax during the year. New retirees should see IRS Pub. 505 which explains tax requirements and describes penalties in detail. You may be able to avoid quarterly estimated tax payments by having enough tax withheld from your pension or annuity.

Guide B. Instructions for North Carolina Income Tax Withholding Preference Certificate

You should complete the appropriate section of the Certificate if you want North Carolina income tax withheld from your benefits payment.

If this is desirable, you must check box *B*, enter your marital status, allowances claimed, and a additional monthly amount to be withheld. We will then withhold this additional amount.
