If you are a Law Enforcement Officer and have contributions in the NC 401(k) Plan, you may choose to receive an additional monthly benefit by having the value of all or a portion of employer and employee contributions transferred from your NC 401(k) account to the North Carolina Retirement Systems. If you do wish to make a transfer, the additional monthly benefit will be calculated based on the amount of funds transferred and benefit payment option you choose.

If you do not wish to make the transfer, you will retain your choice to leave the contributions on deposit with the Plan or receive a distribution of those contributions.

If you are applying for this benefit more than 90 days after your effective retirement date, please complete Form 319401(k). You will not be charged a fee for transferring under these provisions.

Note: If you will be or are over age 73 in the year the request is processed and have not satisfied the Required Minimum Distribution ("RMD") from your 401(k) account, the RMD will be processed prior to the amount requested below before the transfer is made.

Choosing to Transfer NC 401(k) Plan Contributions for an Additional Monthly Benefit for Law Enforcement Officers

Guide A. What amount of funds can I transfer?

You may transfer all or a portion of your employee and employer contributions; however, Roth after-tax contributions cannot be transferred. Keep in mind that once you have made the election and after your NC 401(k) contributions have been transferred, the transfer is irrevocable and your funds cannot be returned. Please read the educational materials and use the benefit estimator located under the NC 401(k) and 457 tab at www.myNCRetirement.com before you decide the amount of funds to transfer.

Guide B. What are my payment options for the 401(k) Plan Transfer Benefit?

Maximum Allowance: Basic, Straight Life Benefit You will receive a monthly retirement benefit that is paid throughout your lifetime with all monthly benefit payments ceasing at your death.

Option 2: 100% Joint and Survivorship You will receive a reduced monthly retirement benefit that provides that upon your death, the same reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his or her life.

Option 3: 50% Joint and Survivorship You will receive a reduced monthly retirement benefit that provides that upon your death, one-half of the reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his or her life.

Option 4: Adjustment of Retirement Allowance and Social Security Benefits You will receive a monthly retirement benefit that is larger than the Maximum Allowance until you are eligible for Social Security at age 62. Your Retirement System benefit will be reduced in the month following the month of initial entitlement for your Social Security age 62 benefit. Your reduced retirement payments after age 62, plus your allowance from the Social Security Administration (SSA), should be approximately the same amount as the inflated payment you received from the Retirement System before age 62.

To choose this option, you must attach current documentation (less than 2 years old) from SSA that estimates the SSA benefits you should receive at age 62. The actual amount of your retirement payments both before and after age 62 will be based on this estimate of benefits you provide to us from SSA before your retirement. Contact SSA for information on applying for benefits and the date that your first age 62 Social Security benefit will be paid to you.

Option 6-2: Modified 100% Joint and Survivorship You will receive a reduced monthly retirement benefit that provides that upon your death, the same reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his or her life. However, should this beneficiary pre-decease you, your monthly benefit will increase to the maximum allowance.

Option 6-3: Modified 50% Joint and Survivorship You will receive a reduced monthly retirement benefit that provides that upon your death, one-half of the reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his or her life. However, should this beneficiary pre-decease you, your monthly benefit will increase to the maximum allowance.

Guide C. What requirements must my monthly beneficiary meet (if applicable)?

For Options 2, 3, 6-2, or 6-3, you must designate a survivor who will receive a lifetime monthly benefit in the event of your death. This person must be carefully designated:

- You must choose one and only one beneficiary who is living.
- You do not need permission from the intended beneficiary to make the designation.
- You do not have to choose a spouse or relative as this beneficiary, although you will indicate whether or not this person is your spouse.
- You must give the beneficiary's full legal name and date of birth.

- You must include the Social Security Number, as this beneficiary may receive income from us, and income is taxable.
- This beneficiary **cannot** be a person you designated as a beneficiary of your Guaranteed Refund on Form 336401k, *Designating Beneficiary(ies) for the Guaranteed Refund as a Retiree with a 401(k) Transfer Benefit*, since the Guaranteed Refund is only payable after your death **and** the death of the beneficiary who was named for a monthly survivorship option.

We encourage you to keep the current address of this beneficiary on file with us.

Guide D. What are my options for post-retirement assets?

If you plan to transfer any additional assets into your NC 401 (k) account after your effective retirement date, you may postpone your effective transfer date up to three months after your effective retirement.

The Retirement System will instruct the NC 401(k) administrator to transfer the amount specified on this form from your NC 401(k) account on the effective transfer date.

Guide E. How is the Guaranteed Refund Calculated?

Once your transfer is processed, your Guaranteed Refund balance is the employee contributions with interest that you transferred. Your Guaranteed Refund decreases by the amount of each monthly benefit payment. If you and your monthly survivorship beneficiary (if applicable) die, then any remaining balance is paid to your designated beneficiary for the Guaranteed Refund.

For the Guaranteed Refund, you must submit Form 336401k, *Designating Beneficiary(ies) for the Guaranteed Refund as a Retiree with a 401(k) Transfer Benefit*.
