## Guide A. Who is eligible for retirement?

The age and service requirements for eligibility for retirement are different with each Retirement System, so it is important to consult your benefits handbook (available at [www.myncretirement.com](http://www.myncretirement.com)) and your last system employer as you plan for your retirement.

If you have at least five years of eligible retirement credit in the following retirement systems, you are vested, which means you are

eligible for a monthly retirement benefit as soon as your age qualifies you:

- The Teachers' and State Employees' Retirement System
- The Local Governmental Employees' Retirement System
- The Consolidated Judicial Retirement System
- The Legislative Retirement System

## Guide B. What are the steps in the retirement process?

### Basic Steps in the Retirement Process

1. Read, complete, and sign this form (Form 6). Submit your application packet which includes a Form 6, proof of birth, and Social Security statement, if applicable.
2. Receive, complete, and return Form 170, Form 290 (see Guide D), and Form 333, if applicable.
3. Receive and review the *Instructions and Guides to Selecting Health Coverage Through the State Health Plan Online*. If eligible for coverage, follow the instructions to enroll. See Guide D for information on choosing health coverage for your dependents. Please be aware that retiree health coverage is not automatic; you must take action to enroll.
4. Receive, complete, and submit the Form 6E, to choose a retirement payment option, and Form 333BEN, if applicable.
5. Receive your first benefit check, and cash it if you are sure of your retirement choices.
6. Receive all subsequent payments through direct deposit. Maintain your benefit account (see Guide D).

### More about Step 1: Signing Your Form 6

Before you begin the retirement process, we encourage you to discuss your retirement plans with your family and your employer's benefits coordinator.

When you are confident your retirement planning is complete, you are ready to complete Form 6 (*Claiming Your Monthly Retirement Benefit*).

If you sign your retirement application earlier than 120 days before your effective retirement date, your retirement application will not be processed, and you will be required to complete a new application that is signed within 120 days of your effective retirement date.

If you sign your application on or after your effective retirement date, your effective retirement date will be changed to the following month. You may submit the form yourself if you have been separated from your last system employer for more than three months or you do not intend to convert sick leave into retirement service credit. But if you do intend to convert any sick leave into retirement service credit, your employer must complete Section H of Form 6. In any case, we recommend that your Form 6 be submitted to the Retirement Systems Division at least 60 days but not more than 120 days before your

effective retirement date in order to allow adequate time for the Division to process your application.

### More about Step 4: Submitting Your Form 6E

Once the Retirement Systems Division has received your Form 6, the Division will send you additional forms (see Guide D). After we have reviewed your record of service, we will mail you an estimate that shows the amount of your maximum monthly benefit and alternative payment options. You may cancel the retirement process at this time. To continue, you will need to carefully review these options and make your choices on a Form 6E (Choosing Your Retirement Payment Option) that we provide to you with the estimate.

Your choice of payment option is an important decision as the law allows a change to your option only under specific and limited circumstances. We will send you a letter acknowledging that we have received your Forms 6E and 336. Your retirement application may be cancelled if we do not receive your Form 6E within 120 days.

### More about Step 5: Receiving Your First Benefit Check

Your first benefit check will be mailed to you no earlier than the 25th of your retirement month. The amount of this initial benefit, like all subsequent benefits, will be based on the most up-to-date information available to the Division. Cashing your first benefit check will legally bind you to the payment option you chose, but the amount of your benefit will always be subject to retirement law. If your contributions and service record is ever updated, your benefit amount may be adjusted to ensure that the amount is in compliance with retirement law. At any such time, we will send you a notice of the change.

### More about Step 6: Receiving Subsequent Payments

Your subsequent retirement payments will be deposited into your bank account by the 25th of the month. Each month you can view or print your deposit notification statement from your personal ORBIT account.

All effective retirement dates are on the first day of the month. In order to be legally retired, you must resign from employment and live until your effective date of retirement, assuming you are eligible (See Guide A).

You may cancel the retirement process any time prior to the cashing of your first check or the 25th day following the month in which your first check is mailed, whichever comes first.

Please continue to the next page.

## Guide C. What should I consider as I near my retirement date?

Near your effective retirement date, consider the following:

**Sick leave.** If you have unused sick leave that can be converted to retirement service credit, one month of credit is allowed for each 20 days of unused sick leave as long as (a) the sick leave was earned monthly under a duly adopted policy, (b) you would have been paid full salary had you been absent from work on account of sickness, and (c) you have not and will not have received any compensation for this sick leave. If you choose to convert your sick leave to retirement service credit, your age must qualify you for retirement regardless.

**Service credit changes.** The more months you work, the higher your monthly retirement.

**Salary changes.** For TSERS and LGERS members, a change in salary may or may not affect the amount of your final retirement benefit. But if your salary is the highest it has ever been, and you received a raise within the last four years, you can estimate that the longer you work at your current rate, the higher your retirement benefit will be.

**Processing times.** We encourage applicants to be sure that Form 6 is submitted to the Retirement Systems Division no later than 60 days before the effective retirement date, and to be sure to submit the Form 6E as soon as possible after it is mailed to you. If your first monthly benefit payment is delayed, the first payment will include a retroactive amount. In any event, your effective date of retirement will remain legally binding.

## Guide D. What other decisions will I make during the retirement process?

The Division will supply you with other forms and information for your use in making other choices about your retirement.

**Choosing a bank account to receive your direct deposit.** You will choose a bank account for the automatic deposit of your benefit using the Form 170 (Authorizing Direct Deposit). Your first check will be mailed, but all following payments will be deposited automatically into a bank account, unless you are granted exemption after submitting a written statement that explains and documents why direct deposit is a hardship for you.

**Choosing health coverage for your dependents.** If you are eligible for State Health Plan coverage, you will decide whether or not to provide health care coverage for your eligible dependents, and what type of coverage. For additional information, see Guide A of the *Guides to Selecting Your Health Coverage Through the State Health Plan Online*.

**Choosing tax withholdings.** You will indicate your tax withholding preferences with a Form 290 (Choosing Your Tax Withholdings). Your retirement benefit is generally subject to income tax withholdings.

**Maintaining your account.** You will be able to modify many of these decisions at any time by submitting an additional form or by accessing your account on-line at [www.myncretirement.com](http://www.myncretirement.com) and logging into ORBIT after you have received your first payment. This secure, web-

based system provides you with full access to your personal account. Through ORBIT, you can view benefit payment history, tax withholdings, earnable allowance, and more. You can also conduct secure online transactions like changing your address and ordering a new 1099-R.

**Choosing the Contributory Death Benefit.** If you are retiring for the first time in your system, you will have an opportunity to participate in the optional \$10,000 Contributory Death Benefit for Retired Members. Shortly after we receive your Form 6, we will mail you information about the contributions required for this optional benefit if you are eligible.

### Optional Supplemental Insurance.

Optional supplemental insurance coverage, such as vision, dental, accident, and term and whole life insurance, is available to retirees and benefit recipients through Pierce Insurance Agency Inc. Pierce will send you enrollment information after the first retirement benefit payment has been made.

Please make sure you have provided us with your e-mail address so that you may receive information, such as supplemental insurance, earlier in your retirement process. Be sure to check the box to receive information from the N.C. Retirement Systems.

## Guide E. What are my retirement payment options?

You have a choice of retirement options. You will be asked to choose one of these options in the next step of the retirement process. (All of these options include the Guaranteed Refund. See Guide F.) Please review the following retirement options. (Under the Legislative Retirement System, only the Maximum Allowance and Options 2 and 3 are available).

### OPTIONS WITHOUT A MONTHLY BENEFIT FOR A SURVIVOR AFTER YOUR DEATH

#### Maximum Allowance: Basic, Straight Life Benefit

You will receive a monthly retirement benefit that is paid throughout your lifetime with all monthly benefit payments ceasing at your death.

### Option 4: Adjustment of Retirement Allowance and Social Security Benefits

You will receive a monthly retirement benefit that is larger than the Maximum Allowance until you are eligible for Social Security at age 62. Your Retirement System benefit will be reduced in the month following the month of initial entitlement for your Social Security age 62 benefit. Your reduced retirement payments after age 62, plus your allowance from the Social Security Administration (SSA), should be approximately the same amount as the inflated payment you

Please continue to the next page.

## Guide E. (Continued)

received from the Retirement System before age 62. You must be younger than 62 to qualify for this option. To choose this option, you must attach current documentation (less than 2 years old) from SSA that estimates the SSA benefits you should receive at age 62. The actual amount of your retirement payments both before and after age 62 will be based on this estimate of benefits you provide to us from SSA before your retirement. Contact SSA for information on applying for benefits and the date that your first age 62 Social Security benefit will be paid to you.

### OPTIONS WITH A MONTHLY BENEFIT FOR A SURVIVOR AFTER YOUR DEATH.

For all of the following, your benefit amount is affected by both your age and the age of the beneficiary you choose.

#### **Option 2: 100% Joint and Survivorship**

You will receive a reduced monthly retirement benefit that provides that upon your death, the same reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his/her life.

#### **Option 3: 50% Joint and Survivorship**

You will receive a reduced monthly retirement benefit that provides that upon your death, one-half of the reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his/her life.

#### **Option 6-2: Modified 100% Joint and Survivorship**

You will receive a reduced monthly retirement benefit that provides that upon your death, the same reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his/her life. However, should this beneficiary predecease you, your monthly benefit will increase to the maximum allowance.

#### **Option 6-3: Modified 50% Joint and Survivorship**

You will receive a reduced monthly retirement benefit that provides that upon your death, one-half of the reduced retirement allowance will continue monthly to the survivorship beneficiary you designate, for the remainder of his/her life. However, should this beneficiary predecease you, your monthly benefit will increase to the maximum allowance.

## Guide F. What is the Guaranteed Refund?

The Guaranteed Refund feature provides that under all retirement options, if you and your monthly survivorship beneficiary if applicable (and your spouse if you are a member of the Consolidated Judicial Retirement System) die before exhausting the total of your remaining accumulated contributions, any remaining portion will be paid in a lump sum payment to the beneficiary(ies) you designate. The purchase of additional creditable service after retirement (less the administrative fee) is also covered by the Guaranteed Refund feature.

You will be asked to designate a beneficiary(ies) for the Guaranteed Refund feature as one of the steps in the retirement process. Please note that you cannot name the same beneficiary for your Guaranteed Refund and a monthly survivorship beneficiary. If all of your accumulated contributions have been exhausted, your monthly retirement benefit will continue, but the Guaranteed Refund will not be payable.

## Guide G. What would happen if the retirement process were interrupted by my death?

- If you die before your effective retirement date, your contributions and beneficiary(ies) will be treated as if you had never applied for retirement.
- If you die after your effective retirement date and your Form 6E (Choosing Your Retirement Payment Option) has not been received by the Retirement System, and you have named only one beneficiary for your return of accumulated contributions, that beneficiary may elect to receive a monthly benefit or a return of your contributions in a lump sum payment or, if you have

designated more than one beneficiary or no beneficiary for your return of contributions, the administrator or executor of your estate may select the option and name the beneficiary(ies).

- If you die after your effective date of retirement and your Form 6E has been received by the Retirement System, regardless of whether the Retirement System has issued your first check, your benefit will be paid based on the payment option and beneficiary(ies) you elected on your Form 6E.

## Guide H: How do I certify my ORP service credit?

In order to certify your Optional Retirement Program (ORP) service under TSERS reciprocity provisions, you must fill out a Form ORP, which is available on our website at [www.myncretirement.com](http://www.myncretirement.com). Before completing the form, please review the following information.

TSERS reciprocity laws provide that:

- (1) your ORP service credit with an employer who participates in the TSERS may be added to your TSERS service credit for the

purpose of determining your *eligibility* for a reduced or unreduced TSERS benefit;

- (2) only your creditable service in the TSERS will be used in computing the amount of your TSERS benefit; and
- (3) creditable service shall not be counted twice for the same period of time whether earned as a member, purchased, or granted as prior service credits.

If these provisions do not apply to you, do not submit the Form ORP.

**Please continue to the next page.**

## Guide I. What are the return-to-work laws?

After you have officially retired and are receiving monthly benefits, if you perform work in any capacity for an employer under the same Retirement System from which you retired, you will be subject to the reemployment provisions described below. These provisions may require you to work under an earnings limitation or to reenroll as a contributing member of the Retirement System. You will be subject to reemployment provisions based on the nature of the particular work you perform for a covered employer, regardless of your job classification or your technical employment status (which may include being assigned to work for a covered employer by a private company such as a temporary agency).

If you retire from the Consolidated Judicial Retirement System or the Legislative Retirement System, or if you receive disability benefits from any System, please contact the Retirement Systems Division for information on reemployment provisions that apply to you.

The LGERS and TSERS return-to-work laws are summarized below. Return-to-work laws apply differently to members of the TSERS, LGERS, CJRS, and LRS. Following return-to-work laws will protect you from incurring financial penalties, possible loss of retirement benefits, and loss of health benefits received through the State Health Plan.

### TSERS Return-to-Work Laws Summary

TSERS members who retire on or after November 1, 2005, must be retired at least six months before returning to work for a TSERS employer in any capacity (except as a bona fide volunteer in a local school administrative unit). If you violate this law, your TSERS retirement benefit must be cancelled and all TSERS retirement benefits paid to you must be repaid to the Retirement System. Your State Health Plan insurance also must be cancelled if your retirement benefit is cancelled. If you wish to return to work with a TSERS employer and continue to receive your TSERS monthly retirement benefit, you must also meet the following conditions:

- You must work in a position that does not require membership in TSERS. (NOTE: If you are reemployed in a TSERS position which requires you to be a permanent employee who works at least 30 hours per week for nine months per year, your retirement payment must be stopped and you will again become a contributing TSERS member.)
- You are subject to the earning restrictions below. You can earn whichever is greater:

- (a) 50% of your compensation, excluding termination payments, reported to the Retirement System during the 12 months of service preceding the effective date of your retirement, or
- (b) \$37,240.00 (2022 amount)

These earnings restrictions apply for the 12 months immediately following retirement and for each calendar year following the year of retirement.

### LGERS Return-to-Work Laws Summary

LGERS members cannot return to work for an LGERS employer during the month in which their retirement became effective. If you violate this law, your LGERS retirement benefit will be cancelled and all retirement benefits paid to you must be repaid to the Retirement System. If you have employer-provided health insurance, you may wish to discuss with your employer how the cancellation of your retirement benefit will affect the insurance coverage.

If you wish to perform services for an LGERS employer and continue to receive your LGERS monthly retirement benefit, you must also meet the following conditions:

- You must work in a position that does not require membership in the LGERS. (NOTE: if you are reemployed in an LGERS position the duties of which require 1,000 or more hours per year, your retirement payment must be stopped and you will again become a contributing LGERS member.)
- You are subject to the earnings restrictions below. You can earn whichever is greater:
  - (a) 50% of your compensation, excluding termination payments, reported to the Retirement System during the 12 months of service preceding the effective date of your retirement, or
  - (b) \$37,240.00 (2022 amount)

These earnings restrictions apply for the 12 months immediately following retirement and for each calendar year following the year of retirement.
