Guide A. What is the purpose of Form 700?

Form 700 is a continuation form that provides all necessary employer information for members navigating the DIPNC process. Employers must complete page 1 for short-term benefits, preliminary long-term benefits, or both, and page 2 for long-term benefits, extended short-term benefits, or an extension of extended short-term benefits.

Short-term Benefits, Preliminary long-term Benefits, or both

If the Retirement Systems Medical Board is making the determination for short-term benefits, preliminary long-term benefits, or both, employers only need to submit page 1 of Form 700 to the Retirement Systems Division. Prior to submitting Form 700, employers must check the appropriate box under Section B and complete page 1 of the form in its entirety.

Long-term Benefits, Extended Short-term Benefits, or an Extension of Extended Short-term Benefits

If the employee is applying for long-term benefits, extended short-term benefits, or an extension of extended short-term benefits, and page 1 of Form 700 was previously submitted to the Retirement Systems Division for short-term benefits, preliminary long-term benefits, or both, employers only need to submit page 2 of Form 700 to the Retirement Systems Division. Prior to submitting Form 700, employers must check the appropriate box under Section D and complete page 2 of the form in its entirety.

If page 1 of Form 700 was not previously submitted to the Retirement Systems Division for determination of short-term benefits, preliminary long-term benefits, or both, employers will need complete and submit pages 1 and 2 of Form 700. Before submitting Form 700, employers must check the appropriate box under Section D and complete both pages of the form in its entirety.

Guide B. What information is needed if the member is applying for Short-Term or Preliminary Long-Term?

The following information serves as a guide to completing Section B on page 1 of Form 700.

Question 1 - Employer should identify the last day the member physically worked on the job. Do not include the days the member returned to work in the same job capacity for up to 40 days during the 60-day waiting period, also known as trial rehabilitation.

Question 2 - To be considered in "leave" status, the member must be in paid status, which means on the employer's payroll in paid leave status on the date of disability.

Question 4 - The date entered should coincide with the date a doctor certified on previously submitted forms 7A or 703.

Question 5 - Employer should identify the first day of the 60 day waiting period. Use Form 710 (Determining the Short Term Waiting and Filing Period), Section B, number 4 to determine this date. Application for the benefits must occur no later than 365 calendar days following the first day of the waiting period. If the

application is greater than 365 days, then the employee is not eligible for these benefits.

Question 6 - The date the member returns to work offsets his/her short-term begin date. If member returns to work for more than 5 consecutive days during his/her 60-day waiting period, then the waiting period will start over.

Question 8 - Provide the official state job title/classification.

To apply for Short-term Benefits, Preliminary long-term Benefits, or both, the following information must be submitted to NC Retirement Systems

Form 700 (This Form)
Form 701 (Short-term Benefits Application)
Form 7A (Current Medical Report)
Form 703 (Doctor Certification)
Job Description (Provided by the Employer)

Guide C. What information is needed if the member is applying for additional benefits?

The following information serves as a guide to completing Section D on page 2 of Form 700. Before completing page 2 of the form, indicate the type of disability for which the member is applying. Remember, the member must have completed Short-term disability before applying for Long-term, Extended Short-term or an Extension of Extended Short-term.

Question 1 - The "usual job" indicated in this question pertains to the member's usual occupation as identified on page 1 of the Form 700, question 6. The time frame for returning to work in his/her usual occupation must not exceed 40 consecutive days.

Question 3 - The retirement service type is determined by counting the total number of months in the regular term of annual employment.

Question 6 - Applicable to teachers only.

Question 8 - If the member receives a lump-sum payout, his/her begin date for Extended Short-term or Long-term is offset by that number of days, excluding weekends and holidays.

Question 9 - This date can be the 1st day after the 60-day waiting period or the 1st day following exhaustion of bonus, vacation, sick, or donated leave.

Guide C. (Continued)

Question 11 - In order for NC Retirement Systems to process the member's long-term disability application, the member must provide us with a copy of either his/her:

- Social Security Awards Notice (which shows actual benefits), or
- Social Security Estimated Benefits Statement (which must show estimates of both Social Security disability and age 62 benefits)

Long-term disability benefits are offset (reduced) by an amount equal to any Social Security benefits the member is receiving (excluding widow's/widower's benefit) or which the member is entitled to receive, including age 62 Social Security retirement benefits.

If the member had *5 or more years* of membership service as of July 31, 2007:

- After 4 years from the end of the waiting period, if the member is not receiving Social Security benefits, the member's long-term benefit will be reduced by an amount equal to a hypothetical amount of a Social Security disability benefit to which the member might be entitled had he/she been awarded Social Security disability benefits.

If the member had *fewer than 5 years* of membership service as of July 31, 2007:

- After the first 36 months of the long-term disability period, the member's long-term benefits will end unless he/she is receiving Social Security disability benefits.

NC Retirement Systems will use the Social Security Estimated Benefits Statement (either the Social Security disability or age 62 estimate, whichever occurs first) in determining the amount of the future required offsets, if applicable, if an actual Social Security Awards Notice has not been received by the time of the required offsets.

To apply for Long-term benefits, Extended Short-term benefits, or an Extension of Extended Short-term benefits, the following information must be submitted to the Retirement Systems Division

Form 700 (This Form)
Form 701 (Short-term Benefits Application)
Form 704 (Additional Benefits Application)
Form 7A (Current Medical Report)
Form 703 (Doctor Certification)
Job Description (Provided by the Employer)
Form 711 (Recording Short-Term Disability Benefits)

The following information serves as a guide to completing Section E on page 2 of Form 700.

Question 1 - If the member returned to work for fewer than 36 continuous months during the long-term period with the State, the member is not required to go back through the short-term waiting period. During this time of return-to-work, the long-term benefit is stopped while the member is in receipt of salary. If the member is medically determined to be disabled again during this 36-month time frame, whether for the same or different incapacity, and approved by the Medical Board, his/her long-term benefit will be restored on the first day following the last day worked or upon exhaustion of leave.

Thank you.
