Instructions for Changing Retiree Health Coverage through the State Health Plan Online

1. Attention: Your Health Coverage is Changing

When you retire, your health coverage will no longer be under your active group. If you are eligible for retiree group coverage, the State Health Plan will automatically enroll you into a health plan once you have submitted, and the Retirement System has processed, your Form 6E, Choosing Your Retirement Payment Option. See Guide A for details about eligibility, cost, and auto-enrollment. To change your coverage, follow the instructions below.

2. Navigate to Retirement Systems Web Page

Go to www.myncretirement.com and click on the ORBIT link under "My NC Retirement." For assistance with navigating the online enrollment, or if you wish to enroll by phone, you may call the Plan's Eligibility and Enrollment Support Center at 855-859-0966.

3. Logging in to ORBIT

Members will be directed to the log-in page to register or to log in if already registered. If logging in for the first time, follow the instructions on the ORBIT screen for registration.

Note: If you are an Optional Retirement Program (ORP) member, you will enter "0" when asked for the net amount of your last payment.

4. Can’t Remember your Login ID or Password?

Follow the instructions on the ORBIT screen to retrieve forgotten log-in information. The last screen will prompt you to type in a new user identification and password. You will receive screen confirmation that you have successfully changed your password and the ORBIT site will launch.

5. Navigate to eBenefits

Once logged in to your ORBIT account, select the eBenefits link on the left side of the screen. At the eBenefits screen, you will be asked to agree to the Terms and Conditions to continue. Once you click “Yes I agree to the terms and conditions” you will see the Welcome screen and may begin the enrollment process.

6. Making your Health Plan Elections

Non-Medicare Eligible Retirees:
Follow the next few steps to change your enrollment selections for your State Health Plan coverage:

a) Click the “Continue” button on the Ready to Enroll Screen.
b) Verify your personal information including physical address and check the box indicating you have reviewed the information and click Save and Continue.

Note: Through ORBIT you may make changes to your personal contact information, such as name, phone or cell number. Once you've logged in to ORBIT, click on Maintain Address or Maintain Phone/Email, to update your information.

Medicare Eligible Retirees:
Follow the next steps to change your enrollment selections for your State Health Plan coverage:

a) Go to the State Health Plan’s website www.shpnc.org, and select the “Enroll Now/Access Benefits” button.
b) On the Get Started page, select Continue.
c) Once on the Review Your Information page, you will need to verify your personal information including mailing address. Once all information has been reviewed, select Save and Continue.
d) On the Enroll in Your Benefits page, select Make Changes to review and make changes to your benefits.
e) Continue entering applicable information and continue through each step until you arrive at the Step 4 Confirm page.

f) After saving your selections, you will see the “Congratulations! Your enrollment steps are complete” message to indicate you have completed your enrollment. Select Print Confirmation Statement to print a copy of your elections.

7. Review and Print your Benefit Summary

Log out of ALL sites

Log out using the Logout button on each site (eBenefits and ORBIT).
**Guide A. Am I eligible for coverage? What is the cost? How does auto-enrollment work?**

**Am I eligible for coverage?**
If you are a member of the Teachers’ and State Employees’ Retirement System, the Consolidated Judicial Retirement System, the Legislative Retirement System, or the Optional Retirement Program, and have five or more years of retirement membership service credit, you are eligible for retiree group coverage, with the cost determined according to the date of your first employment with the state and the coverage option you select, if:

- **You are a retiree.** Your coverage is effective the first day of the next month following the effective retirement date. For example, if your effective date of retirement is July 1, 2018, your retired group health coverage will be effective August 1, 2018. If you are an active employee at the time you enter retirement, your employer provides coverage through your first month of retirement. However, if you are Medicare eligible when you enter retirement, Medicare would be primary to employer-provided coverage.

- **You are a member of the Local Governmental Employees’ Retirement System**, you should check with your employer about the availability of health coverage.

- **You are receiving extended short-term or long-term disability benefits** through the Disability Income Plan of North Carolina (DIPNC) and you have met the requirement of having five or more years of retirement membership service. If you have not met the retirement membership requirement or you are receiving DIPNC benefits under transitional clauses, you are eligible for coverage, but the cost of the coverage is entirely your responsibility. Your coverage is effective the first of the following month if your disability benefit period begins between the 1st and the 14th of the month. If your benefit period begins between the 15th and the 31st of the month your first coverage is effective the first of the month following the full month of benefits. Please consult with your employer about the date your prior health insurance coverage will end. Also refer to the Disability Plans Health Coverage Enrollment Guide (Form HMIDIS) for additional information. Note that retroactive coverage for employees who are approved for disability at a later date is not permitted.

- **You are a long-term disability benefit recipient converting to a service retirement and eligible for health coverage**, you will not need to re-enroll. The Retirement System will provide continuous coverage throughout this process.

- **You are retired under the Optional Retirement Program**, provided you meet the requirement of having five years of employment with your Optional Retirement Program employer.

**What is the cost?**
Under current law, if you were first hired prior to October 1, 2006, and retire with five or more years of membership service, the state will pay for your individual retiree group coverage in the 70/30 Plan or a Medicare Advantage Base Plan (if eligible).

Based on the conditions described above, if you were first hired on or after October 1, 2006, in order to receive coverage in the 70/30 Plan or a Medicare Advantage Plan at no cost, you must retire with 20 years of retirement service credit; if you have 10 but less than 20 years of retirement service credit, you will have to pay 50% of the cost of your coverage, and with five but less than 10 years, you will have to pay the full cost of your coverage. In all cases, the full cost of dependent coverage, if elected, must be paid by you. Non-Medicare retirees have the option of enrolling in the 80/20 Plan. Eligible Medicare retirees have the option of enrolling in an Enhanced Medicare Advantage Plan for a premium contribution. More information on these plans can be found on the Plan’s website at www.shpnc.org.

**Is my family eligible for coverage?**
If you are eligible for health insurance coverage, then your legal spouse and your eligible dependents under age 26 are also eligible for coverage. Eligible dependents include a child who is:

- **natural**
  - legally adopted
  - foster
  - stepchild of the retiree when the retiree is married to the stepchild’s natural parent
  - physically or mentally incapacitated, to the extent that he or she is incapable of earning a living and such handicap developed or began to develop before the dependent’s 26th birthday if the dependent was covered by the State Health Plan.

There is no "age-out" for the adult child who is disabled. If the dependent child is physically or mentally incapacitated, you should request the form, "Certification of Handicapped Dependent Coverage," from the State Health Plan. This form can be found on the Plan website www.shpnc.org under important forms.

**How does auto-enrollment work?**
If you are eligible for State Health Plan retiree group coverage, you will be automatically enrolled into a health plan after you have submitted, and the Retirement System has processed, your Form 6E, Choosing Your Retirement Payment Option. Retiree group coverage begins on the first day of the month following your effective date of retirement.

- **If under 65** (and not Medicare-eligible), you will be automatically enrolled in the health plan you were enrolled in as an active employee along with any covered dependents.

If you did not have coverage in the State Health Plan as an active employee, you will be automatically enrolled in the 70/30 Plan retiree-only coverage. You can change your plan or opt out of health coverage up to 30 days after your coverage effective date.

---

**Please continue to the next page.**
Guide A. Continued

If Medicare-eligible and your retirement process is completed 60 days or more prior to your coverage effective date, you will be automatically enrolled into a Medicare Advantage Base Plan with UnitedHealthcare. You will have up to 30 days prior to your coverage effective date to change plans.

If Medicare-eligible and your retirement process is completed less than 60 days prior to your coverage effective date, you will be automatically enrolled in the 70/30 Plan, but you will have up to the day before your coverage effective date to elect a Medicare Advantage Plan.

NOTE: If you do not take action within the specified time period to change or opt out of coverage, you (and your covered dependents) will remain in the assigned auto-enrolled retiree group health plan and pay the applicable premiums until the next State Health Plan Open Enrollment (or qualifying event).

What happens to my dependents' coverage at my death?
If you were providing your spouse and/or eligible dependents with health insurance at the time of your death, then they are eligible for continued coverage (child coverage would continue based on the conditions above) after your death. At that time, they would be responsible for the cost of the coverage. Please inform your spouse and eligible dependents to immediately report your death to the Retirement Systems Division with a death certificate. If they want to continue coverage, they must contact Customer Service by calling 855-859-0966 for enrollment information.

Guide B. What impact does Medicare have on my coverage and what are my health plan options

What impact does Medicare have on the cost of coverage?
If you are receiving disability benefits, or if you are a retiree under the age of 65, the cost of coverage begins at a certain rate. Under current provisions, the rate decreases when you become eligible for Medicare. You will only notice this decrease if you choose a level of coverage in which you pay part of the cost.

You must apply for Medicare coverage, both Parts A (hospital coverage) and B (medical coverage) through the Social Security Administration, as soon as you are eligible. It is best to apply for Medicare at least 90 days prior to becoming Medicare-eligible to ensure everything is in place when you become eligible. Part A of Medicare is typically free, but Part B is not. To learn about applying for Medicare, visit www.socialsecurity.gov or call 1-800-MEDICARE. Under current provisions, the rates also decrease when your spouse or dependents become eligible for Medicare. Make sure they too apply for Medicare as soon as they are eligible. At any time your spouse or dependents become eligible for Medicare, you may update your health coverage information online by following the Instructions for Changing Retiree Health Coverage Through the State Health Plan Online.

For assistance with navigating the online enrollment or to enroll by phone, please contact Customer Service at 855-859-0966.

What are my health plan options?
If you are a non-Medicare retiree, you have two health plan options: the 80/20 plan and the 70/30 plan.

If you are a Medicare Primary retiree, you may have three health plan options to choose from including two Group Medicare Advantage (PPO) Plans with UnitedHealthcare or the 70/30 Plan.

Handbooks for each plan are located on the State Health Plan website at www.shpnc.org.

Guide C. How will I pay for additional premiums not paid by the State?

Premiums for health coverage are paid one month in advance. For example, a deduction from the January benefit is for coverage effective for the month of February. If you are receiving a disability benefit or receiving a retirement benefit from the NC Retirement Systems, your premiums are automatically deducted from your benefit check. If the premiums for which you are responsible exceed the amount of your benefit, you will receive a bill from iTEDIUM, the State Health Plan's direct billing administrator, for the premiums you owe.

Guide D. Whom can I contact with questions?

To review your State Health Plan retiree coverage online, log on to your ORBIT Self Service account at www.myncretirement.com. If you have questions about your coverage, please contact Customer Service at 855-859-0966.

Important State Health Plan contact information:
